

DATASHEET

PipeSight is a professional-grade pipe inspection system designed to provide the best price-performance ratio in the industry. It features a fully maneuverable camera head and high-definition imaging, making it an essential tool for demanding inspections in plumbing, industrial piping, and infrastructure maintenance.

1. PRODUCT OVERVIEW

The PipeSight system is engineered for versatility and precision. Its PT (Pan-Tilt) camera head allows for 360° rotation and 180° tilting, ensuring zero blind spots during inspections. With Full HD resolution and the ability to record text and audio directly onto video files, it streamlines documentation and reporting workflows.

2. KEY FEATURES

- **Dual-Axis Maneuverability:** 360° panning and 180° tilting for comprehensive visual coverage.
- **High-Definition Imaging:** Crystal-clear 1080p resolution for detecting even the smallest cracks or blockages.
- **Rugged Construction:** IP68 waterproof rating for the camera head and cable, housed in a heavy-duty ABS case.
- **Advanced Documentation:** Includes a wireless keyboard for text overlays and a built-in microphone for voice memos.
- **Large Display:** High-quality 13-inch IPS monitor for real-time viewing in high detail.

3. TECHNICAL SPECIFICATIONS

Feature	Specification
Camera Control	360° Pan, 180° Tilt (Remote controlled)
Monitor	13" IPS High-Resolution Screen
Video Resolution	Full HD 1920 x 1080
File Formats	Video: MP4 / Photo: JPEG
Cable Type	Reinforced Fiberglass, 7mm Diameter
Cable Length	20m – 150m (Optional variants)
Protection Rating	IP68 (Camera Head & Cable)
Storage	USB Drive 32GB (Supports up to 128GB)
Battery	Li-ion 8800mAh
Battery Life	> 4 Hours
Operating Temperature	-10°C to +55°C
Unit Weight	3200g (Including battery)
Case Material	Durable ABS Plastic
Warranty	12 Months

4. APPLICATIONS

- Sewer and drain line inspections.
- Industrial pipeline monitoring.
- Foundation and rainwater pipe surveys.
- HVAC and ductwork inspections.

5. PACKAGE CONTENTS

- PipeSight Control Unit with 13" IPS Monitor
- Fiberglass Push Rod and Reel
- Maneuverable IP68 Camera Head
- Wireless Keyboard for data entry
- 32GB USB Storage Device
- Power Adapter (12VDC, 1A)
